3+4 Vocational Education Program

Four Advantages of Enrollment

1 Get educated in Taiwan and learn world-class technology

1

- Taiwan is ranked 3rd in the "World Greatest Skills Competition"(Skills Olympics) in 2022.
- Direct admission from a technical high school to a technological university, providing a comprehensive 7-year training program leading to the attainment of a professional bachelor's degree upon graduation.

2 Extensive array of resources and care to make life dreams come true

2

- Outstanding students will be awarded a prestigious scholarship of NTD 150,000.
- Offering a full-tuition scholarship for three years, along with various support and guidance measures during the study.
- Rotation of internship every 3 months to guarantee an internship allowance.

3 Stay in Taiwan after graduation for a better career + cross-border development in overseas compatriot enterprises

3

- As Taiwan's high-tech industry is world-renowned, you will have opportunity to visit the technology industry and have in-depth exchanges with Taiwanese companies and overseas compatriot entrepreneurs while studying in Taiwan.
- After graduation, the expertise of students and the talent needs of enterprises are matched through the government.

4 National skills certification, helping students enter the world

4

- Establishing a cooperative teaching and internship platform, integrating with the national professional certification system to enhance students' workplace competence.
